Laura Fitzgerald

Reading's Director, managing the project and client portfolio across the Thames Valley, the Oxford to Cambridge Corridor and Southern England.

Laura leads the Thames Valley team at mode in advising public and private sector agencies across the Thames Valley, the Oxford to Cambridge corridor and across southern England and Greater London.

Laura has a breadth of experience across the site feasibility and planning application process and regularly provides advice to clients on land parcels for potential development. She leads a team focused on logical and common-sense transport planning who are known for a high-quality output and their approachable nature.

Laura remains involved in all aspects associated with the delivery of projects across a range of sectors and continues to develop long-standing relationships with Clients and Consultants.

Laura is an experienced professional in presenting transport elements of schemes to the public, to the various Highway Authorities and engaging with design teams.
